a. Motion to adopt: Phoebe Pelkey

b. Second: Frank Spaulding

c. Discussion: None

d. Vote: Passed

4. Public Comments – This is a business meeting. The committee will limit public comments to 3 minutes per person or depending on the number of individuals who choose to speak no more than 15 minutes aggregate, divided evenly depending on the number of individuals. Please sign in that you wish to speak upon arrival to the meeting.

5. Steering committee (HD and Ice Rink Parcel) - update given from meeting. Final steering committee meeting TBD. Discussed the role of the recreation committee on the proposed changes.

6. Status of bylaw (governance document) submittal - Phoebe will submit to Karen and Tom once Frank gives them to her.

7. Poster and recruitment - Frank will meet with Wyatt to check in - rec committee will help distribute posters.

8. Requested projects Including Skate park, Community Path, and now VolleyBall and Bocce Requests are coming in for support and help. This will be compounded by the wrap of the Planning for the two park parcels as people start thinking about actually executing the ideas.

What are the steps that should be universal for any group requesting a project/help? Consider having a place that a form lives that asks questions about the projects. People would present an idea to the rec committee after they complete the form- see attachment.

Is it time to dust off the priority list?- Yes- committee will revisit this at the next meeting. Frank will send out the priority list again to members.

How does pool study fit in? (assuming its passed) - passed- to be discussed at the next meeting hopefully with a selectboard representative present.

9. Next agendas

Next Meeting April 13, 2023 - Steele Room 6:30pm

10. Adjourn: 8pm

Have an idea for recreation:

Help us get a little bit of baseline information...

Tell us about your activity or idea...

Who does it serve?

Where will it happen?

Why will it happen?

Where are you currently doing this?

How many people are involved in this activity?

How will it be paid for? Budget? Cost?

How will it be taken care of?

What's the longevity?
