

Parking Committee Minutes

Tuesday, March 29, 2016

8am, Steele Block

Attendees: Don Schneider, Kristen Kassis, Laura Parette, Zoe Gordon, Natalie Sherman

Stantec Parking Study:

Village Trustees are expected to sign the parking study contract with Stantec, tomorrow, March 30. As requested by Richard Bryant of Stantec, Kristin will forward by email the committee's data collection information and interpretation to Richard, and she will be available for follow up questions. We welcome Richard to our next Parking Committee meeting scheduled for Monday, April 11 at 9am (location TBD) to discuss what Stantec would like the parking committee to do in terms of additional data collection and survey participation, etc. Kristin will mention this to Richard, as will Natalie through the Trustees.

Don S. suggests that additional data be taken 'off season' in May to capture parking activity that will compliment the traditional busy summer and fall data collections we have already captured.

Discussion topics:

Thoughts about event parking locations, event shuttles, bike loan service, as helpful to maximizing parking.

We should consider submitting a letter to the WRecord after meeting with Stantec to provide a community update of the Parking Committee's work with the parking study.

Future meetings:

The committee has changed meeting dates to the 2nd Monday's of the month; 9:00 am, location TBD.

Next meeting:

Monday April 11, 2016, 8am. Location TBD at this time.
