

Parking Committee Minutes
Tuesday, November 8, 2016 • Steele Block Conf. Room
NEXT MEETING: No further meetings scheduled
Steele Block Conference Room

In attendance: Natalie Sherman, Laura Parette, Rick Bryant, Don Schneider, Zoë Gordon, Kristen Kassis

Data collection results: Rick made the changes/edits that all supplied. Skip has yet to get his edits in but relayed them through Natalie. Discussion about the intro and making sure it clearly portrays the issues with relying on private spaces in stronger language and the risks that this brings. When making conclusions make sure we are clear about public vs private spaces. Also the perceptions that come with finding parking for locals (who know the area) vs visitors.

Parking signs: Zoe will speak with Jeffrey AGAIN about the Arvad's sign going back up on the deck.

Parking Enforcement Officer: No August or September reports. Trustees advised that the parking enforcement officer's availability is picking back up.

Next steps/other discussion: Dec 14, 7pm to present the report and findings. Rick will present and committee members will attend. Anticipating 30-35 min including Q&A.

Don to speak with Bill and Woody about the municipality trying to keep the handicap spaces clear of large snow piles.

Next steps for this committee is to disband in the near future as we have completed the work we were tasked with. Discussion about ownership going forward so the body of work does not go to waste.
